Elevating the
Human Spirit™

There's no day like today

| COMFORT KEEPERS® AT A GLANCE |

For more than two decades, Comfort Keepers® has been looking for life's bright side. We've seen immeasurable love, dedication, joy, and purpose. We care for people in their own homes, so we're doing more than accomplishing everyday tasks; we're witnessing life. That's a privilege we don't take for granted.

When you truly care for someone, it starts in the heart. Care can transform a life for the better, it can create a lasting bond, and it can elevate a person's spirit.

That's why we care.

How Comfort Keepers® can help

A joyful philosophy

Every person has an inner spark, something that age and illness cannot take away. At Comfort Keepers®, we go beyond daily care needs to nurture those qualities and bring about a sense of hope, connectedness, and joy, Elevating The Human Spirit™. We coordinate and collaborate with healthcare providers including skilled agencies, hospice and senior care facilities to build personalized plans, and employ technology to keep clients protected and connected. And no matter the day or time, we're ready to help.

Our *Comfort Keepers*®

When we think of our caregivers—our *Comfort Keepers*®—a few words come to mind: caring, eager, and empathetic top the list. Because the best care starts with the right people, clients have the chance to meet their care team ahead of time. Our *Comfort Keepers* are employees, not contractors, and undergo background and driving checks, a rigorous interview process, and reference reviews. They're insured, bonded, and covered by workers' compensation. Not only that, they're specially-trained to provide interactive care.

A holistic approach

Interactive Caregiving™ is our approach to care that focuses on the mind, body, nutrition, and safety of our clients. When our *Comfort Keepers* plan a day's activities, they keep these four mainstays in mind. Caregivers work together with clients to accomplish tasks, which stirs memories, stimulates thought, and builds a sense of pride. "Doing for" may get the task done, but "doing with" boosts spirits and brings joy. It's a holistic approach that ensures our clients are cared for from every angle and taking an active approach to life.
